

YOUR FIRST BACK NINE EVENT

GET THE APP FIRST. EVERYTHING RUNS *THROUGH IT.*

START HERE • BEFORE YOU COME IN

Download the **Back Nine app** — App Store or Google Play, search Back Nine. Members use your membership email. No account? Tap “**Create a guest account**” and enter your first name, last name, email and phone. **A member whose membership email is not their Full Swing Compete email creates a guest account too**, under the matching email. Then save a payment method and **link your Full Swing account**.

THEN, FROM YOUR COUCH

1

REGISTER AND PAY AT BACK NINE

The app’s **Compete** tab, or your venue’s link. Pay, and **Full Swing Compete** opens next.

2

SAME NAME, SAME EMAIL

Same name and email in both — it is how we find your round. On a team event, your **Full Swing team name** must match your sign-up exactly.

3

BOOK A BAY FOR EACH ROUND

One bay for the team, **one booking per round**. Inside the event’s dates, long enough for eighteen holes. Venue hosting the night? **Ask if you need to book**.

IF IT WILL NOT CONNECT

Update the app, close it fully, sign back in, re-link Full Swing, scan again from **My Game**. And **play every hole out** — quit one halfway and it does not record.

AT THE BAY, IN THIS ORDER

1

IN THE APP, OPEN **MY GAME** AND SCAN THE BAY QR

Scan from inside the app — **not your phone camera**. Your name appears on the bay screen with a yellow circle beside it. **Everyone playing scans their own**.

2

TAP PLAY ON THE BAY SCREEN

That opens course selection. **FS Compete is at the top** — that is Full Swing Compete.

3

TYPE IN YOUR EVENT CODE

The letters your venue gave you. That is what puts you in the tournament.

4

CHECK IT BEFORE YOU TEE OFF

Confirm the settings, the **right tournament**, and the **right tee box for your skill level**.
